

## Bethany Beach Fire Company holds Open House

On Saturday September 3<sup>rd</sup> the Bethany Beach Fire Company held an Open House. Displays were present to promote Fire Safety. Also a unique part of the event was an auction to raise money for Bethany's Building project. Mary Beth Murray, event chairman, reported that over \$28,000 was raised between the auction and the raffle of a 2005 Toyota Pickup.

Fire Apparatus was on display with Bethany's Antique G.M.C. Engine being the center of attention. Also, barbeque was provided to citizens who attended to show the companies' appreciation for the support they receive.
